

Out of Hours Emergencies:

We will do everything possible to ensure that our telephone system for contacting the duty doctor is easy to follow, reliable and effective.

Waiting Times:

- Surgeries will normally start on time.
- We expect patients to be seen within **twenty** minutes of their appointment time, and in the event of a delay we will offer an explanation.
- When a doctor is called away on an emergency we will inform the patients and give them an opportunity to book an alternative appointment, or if preferred, to be seen by another doctor.

With these rights come responsibilities and for the patients this means:

- Courtesy to the staff at all times - remember they are working under doctors' orders.
- Responding in a positive way to questions asked by the reception staff.
- To attend appointments on time or give the practice adequate notice that they wish to cancel. Someone else could use your appointment!
- An appointment is for one person only - where another member of the family needs to be seen or discussed, another appointment should be made and the Medical Record be made available.
- Patients should make every effort when consulting the surgery to make best use of nursing and medical time - home visits should be medically justifiable and not requested for social convenience.
- When patients are asked to give 48 hours notice for repeat prescriptions, please give us this time as it is to allow for accurate prescribing.
- Out-of-hours calls (e.g. evenings; nights & weekends) should only be requested if they are felt to be truly necessary.

Changes to Procedures:

When changes are introduced to practice procedures that affect patients, we will ensure that these are clearly explained, by means of leaflets on prescriptions; waiting room notice-boards or individual leaflets, giving as much notice as reasonably practicable.

Referrals:

- At the point of consultation patients will be offered choice
- **Urgent referrals** to other health and social care agencies will be made within one working day of the patient consultation. Where requested, our GPs will refer you to a private health provider.
- We will normally process non-urgent referrals within three working days of the patient consultation or the doctor's decision to refer.

Test Results:

When a doctor or nurse requests the patient to have a blood test taken, **the patient will need to contact the surgery for their result.** (Results are normally available **after 2 pm within 2-4 working days**)

The Practice will endeavour to dispatch any medical record required by the Health Authority within seven working days and same day if the request is urgent.

Privacy and Confidentiality:

We will respect our patients' privacy, dignity and confidentiality at all times.

Appointments:

With a Doctor: For routine consultations we will endeavour to offer patients an appointment within **two** working days of the request or pre-bookable up to four weeks in advance. For medically urgent requests, we will offer an appointment on the same day following a telephone consultation with the duty doctor.

With a Practice Nurse: For routine appointments we will endeavour to offer patients an appointment within five working days and up to four week in advance

If there is a delay in the appointment wait (when you arrive) of more than 20 minutes we will let you know. **However as we are not aware of the nature of the problem of the person in front, and the need to respond to Emergency Situations, due to unforeseen circumstances surgeries may be running late.**

We are happy to update you on any delay situation if you feel that you have been waiting too long.

Home Visits:

We are unable to guarantee a specific doctor will visit you as this depends on availability and other factors. The decision to home visit will be at the doctors' discretion.
