

## **Chemist Collection of Prescriptions**

We appreciate that it is very convenient for your local pharmacy to collect your prescription. Some difficulties arise with this service if you do not allow enough time for your prescription to be collected by your chemist.

We are responsible for ensuring your prescriptions are issued correctly, but it is your or your representative's responsibility to ensure it is collected.

Please nominate a pharmacy of your choice this will allow us to automatically send your prescriptions directly there. Again this will reduce the time that you are waiting for your prescriptions and unnecessary visits to the surgery. Your medical records will be tagged with your pharmacist of choice, which then means that we will forward your prescription on.

**Please ensure you advise Reception of any changes to your nominated pharmacy.**
